Community Health Council meeting questions

1. Would Five Hills advertise for a Lab technician with the skills capable of replacing Denise Sawyers' holiday and bereavement time?
2. Could the people from Central Butte health area have their records in the Central Butte clinic as well as with another doctor's clinic? Are the doctor's receptionists instructed to turn away people from appointments if their files are not with that particular doctor? Do you have to pay to have your files transferred back to Central Butte? Are there any laws stipulating that a patient may have files with one doctor only?
3. Is the EMS “hospital to home” program in effect now that the new smaller hospital in Moose Jaw is operational? Will EMS be notified of local people who are returning to their homes after surgery or will they have to apply for care?
4. Will community paramedicine healthcare be available in the rural areas and/or small towns besides Central Butte? Or will there be an office in

Regency Hospital for the paramedics to use and people to attend for appointments?

5. Central Butte clinic still needs a consistency of appointment times available. Is there not a physician or nurse practitioner available to cover Mary Anne's holiday time?
6. Would Five Hills guarantee a position in Central Butte for the two girls planning to complete their nurse practitioner training?
7. Has anyone applied for the Central Butte physician position advertised on Five Hills? How can our community become more involved in the recruiting of physicians for our hospital? Can our community advertise for doctors to read the ad on the Five Hills website?

Thank you for taking the time to prepare the answers for these questions. Bonny Tucker
